PROFESSIONAL SUMMARY

Undergraduate IT student with strong working knowledge of SQL and PostgreSQL, experienced in writing complex queries, joins, window functions, and data analysis. Hands-on experience through academic projects and industry simulations. Actively seeking an internship or trainee role to deepen database and analytics skills.

EDUCATION

BACHELOR OF ENGINEERING – Sinhgad College of Engineering, Pune Sept 2024 - Sept 2028
Major: Information Technology | CGPA: 8.79
Relevant Coursework: Database Management Systems (DBMS), Data Structures, OOP

PROJECTS

Retail Sales Analysis (SQL Project)

Tools: PostgreSQL, MySQL
• Cleaned and transformed raw sales data using SQL filtering and aggregation.
• Wrote complex SQL queries using **JOINs, subqueries, GROUP BY, HAVING, and window functions**.
• Analyzed monthly revenue trends, top-performing products, and customer purchase patterns.
• Optimized queries for performance and readability.
• **GitHub:** SQL_Retail_Sales_Analysis

RELEVANT EXPERIENCE

Deloitte Australia – Data Analytics Virtual Job Simulation | Forage - View Certificate
• Analyzed business datasets using Excel and built an interactive Tableau dashboard for insights.
• Classified and cleaned data to identify trends, performance metrics, and actionable insights.
• Gained hands-on experience in analytics storytelling and solving real-world business problems.

Tata iQ – GenAI Powered Data Analytics Job Simulation | Forage - View Certificate
• Performed EDA, assessed data quality issues, and identified risk indicators in customer datasets.
• Designed a no-code predictive modeling framework using GenAI techniques.
• Applied responsible AI principles to build ethical, scalable analytics strategies.

SKILLS

Databases & SQL
- SQL (PostgreSQL, MySQL)
- Complex Queries, JOINs, Subqueries
- Window Functions
- Data Cleaning & Aggregation
- Basic Indexing & Query Optimization

Programming:
- Python, Java, C, C++, HTML, CSS

Data & CS Fundamentals:
- DBMS, DSA, OOP
- Exploratory Data Analysis (EDA)

Soft Skills:
- Communication, Analytical Thinking, Teamwork, Time Management

CERTIFICATIONS

• **SQL (Intermediate)** - HackerRank View Certificate
• **SQL (Basic)** - HackerRank View Certificate
